FIRST UNITARIAN UNIVERSALIST CHURCH OF HOUSTON

SAFE CONGREGATION POLICY

Preamble: We, the congregation of First Unitarian Universalist Church of Houston (“FUUCH”), wish to be a welcoming and inclusive congregation that is a safe and lifeaffirming place for the people who trust FUUCH as their congregational home. We respect the worth and dignity of every individual. It is ultimately the responsibility of the entire congregation, not just those in leadership positions, or formally signed members, but all community participants, to create and maintain a climate that supports the growth and welfare of everyone in the congregation.

- Therefore, we covenant to develop policies and practices that
- Promote safety in all areas of congregational life: physical, emotional, intellectual, sexual, and spiritual.
- Provide training and guidelines for handling unsafe situations and
- Establish a plan for addressing these issues of safety.

We covenant to educate ourselves and our children to issues of safety and to learn ways that will help us to offer compassionate and skillful responses to all those at risk or in crisis. Finally, we covenant to address whatever problems arise with courage, equity, compassion and the thoughtful application of our Unitarian Universalist values.

The Senior Minister of the First Unitarian Universalist Church of Houston will designate members of a team to act on issues concerning a Safe Congregation. This Team will be primarily composed of the Assistant Minister designated by the Senior Minister and the Healthy Communications Team.

In regards to Safe Congregations, the Healthy Communications Team will generally have the following responsibilities:

- Know about community resources for child abuse, treatment for sex offenders, and support groups for survivors.
- Know about state laws regarding reporting of abuse. **(See Appendix 1 - Reporting Suspected Abuse or Neglect of a child, elderly or adults with disabilities.)**
- Be a resource for people to share their concerns.
- Evaluate applications for Religious Education (RE) teachers, youth group leaders or Pastoral Care Associates that are flagged by the Minister or Religious Educator as needing more information or follow up.
- Facilitate annual training on issues, policies, and procedures relevant to sexual/physical abuse.
- Receive allegations of possible abuse and develop a process for expedient handling of such allegations.

- Meet with accused and convicted sex offenders to develop a Limited Access Agreement for participation in congregational activities. **(See Appendix 5.)**
- Regularly review the Safe Congregation policies of the First Unitarian Universalist Church of Houston and make recommendations to the Senior Minister about updates and revisions. All activities of the Team will be conducted in a confidential fashion and may only be disclosed when necessary and appropriate. The congregation will be advised annually of the members of the Healthy Communications Team via the E-News, the website, and the Annual Report. Information regarding the Healthy Communications Team and Safety Policies will be presented in the New Members classes. Additionally, this information will appear in the Annual Report.

SECTION I: CHILDREN (anyone under the age of 18 years)

1) SCREENING AND SELECTION OF PEOPLE WHO WORK WITH CHILDREN

- a. Those who provide direct care or supervision for children (“workers”) at First Unitarian Universalist Church of Houston (“FUUCH”) must meet the following criteria:
 1. Unpaid workers (“volunteers”) must be active participants at FUUCH as a church member or friend for at least six months.
 2. Those working with children junior high school and younger must be at least 18 years of age. Workers below the age of 18 must be approved by the Director of Religious Education (“DRE”).
 3. Those working with high school groups must be at least 21 years of age. Workers below the age of 21 must be approved by the DRE.
 4. All workers must consent to such reference and/or background checks as FUUCH, in its sole discretion, deems necessary and must agree to be bound by the Code of Ethics (see Appendix). The DRE and minister will be responsible for determining disqualification based on background or reference checks. This information will be kept confidential.
 5. All workers must be trained as prescribed by the DRE. **(See Appendix 2 - First Unitarian Universalist Church of Houston - Code of Ethics for Adults Working with Children) and (Appendix 4 - HEALTHY PARENTING PROJECT OF FIRST UNITARIAN UNIVERSALIST CHURCH OF HOUSTON - NURTURING CHILD CARE - Policy for Care Giver Volunteers)**

2) SUPERVISION GUIDELINES AND POLICIES

- a. All workers are subject to the supervision and evaluation of the DRE.
- b. All workers are required to comply with the following policies to ensure a safe and secure environment for our children while participating in FUUCH activities:
 1. Each group should have at least two workers present at all times with at least one worker being an adult. For infants and toddlers, the desirable ratio is one

worker for each three children. The DRE shall determine the appropriate level of supervision for each group and activity and may make exceptions to this rule on a case-by-case basis.

2. Visibility into classrooms must be maintained at all times.
3. The DRE and/or designee shall circulate in the RE classroom area and monitor classroom activities randomly during regular RE classes.
4. No private off-site meetings are allowed, other than with a parent or guardian, without prior parent arrangement and approval by the DRE.
5. All outings must be pre-approved by the DRE. Participating children must have a signed permission slip from parent or guardian.
6. All drivers shall be a minimum age of 21. All drivers must have a current, valid driver's license and proof of insurance before being assigned driving responsibilities.
7. Drivers should have two or more children in the car when transporting children to and from activities. The only exception is when the driver is transporting a child with prior parent arrangement and notification of the DRE.
8. If disciplinary issues arise, there should be two adults present during all disciplinary meetings between the worker and the child involved. The parents shall be informed of any such meeting and its contents as soon as possible.
9. Corporal punishment or abusive language may not be used under any circumstance. This includes behavior that constitutes verbal, emotional or physical abuse, and behavior or language that is threatening or demeaning.
10. Behavior must both be and appear to be above reproach.

3) MAINTAINING HEALTHY RELATIONSHIPS

- a. **Friendships.** We actively encourage mentoring relationships between children and adults. Although we hope that children and adults will have genuine fondness for one another, any adult who looks to a child for peer-to-peer friendship should not be in a position of responsibility over them. Friendship is reciprocal, where neither person has more responsibility for the health of the friendship than the other. This is antithetical to the healthy adult/child relationship where the adult assumes responsibility for maintaining appropriate boundaries in order to maintain an atmosphere of health and trust. The age of the child makes no difference in this matter. A teen-aged child is no more responsible to maintain healthy boundaries than is a three-year-old. In fact, teens may have more confusion about appropriate boundaries and should be treated appropriately.
- b. **Physical Affection.** Physical expressions of affection such as hugs are acceptable but it is best to allow the child to initiate the contact and the adult must be sensitive not to allow them to become too frequent or prolonged.
- c. **Sexualized Behavior.** It is never appropriate to engage in any manner of sexualized behavior with a child. This refers not only to explicitly sexual behavior,

but to sexually provocative, seductive or erotic behavior or language as well. It is inappropriate to tell jokes with sexual content, connotations, or “double entendres”.

- d. **Tobacco, Drugs and Alcohol.** Children should be prohibited from using tobacco, drugs or alcohol, and should be barred from exhibiting illegal behavior while engaged in church-sanctioned activities. Workers should at all times be aware that their own behavior is a powerful statement to children. Adults, while actively supervising children at a church-sponsored event or gathering, will not consume alcohol or illegal drugs, or use tobacco products.
- e. **Confidentiality vs. Secrets.** If a child discloses incidents of abuse or neglect or is exhibiting self-destructive tendencies, the worker should report it immediately to the minister or DRE. **Workers(Change to volunteers and staff)**
- f. will cooperate with any subsequent investigation. Adults should never give children the impression that they will keep secrets for them or promise to keep such information confidential.

4) REPORTING AND RESPONSE PROCEDURES

- a. If a worker has reason to believe that abuse has occurred during an FUUCH program or event, **the adult must immediately report it** to the minister or DRE. If the worker ascertains that the child is in a situation of imminent risk, he/she (or another responsible person) should immediately remove the abusive adult or vulnerable child from the situation and take steps necessary to protect the child.
- b. The minister or DRE will alert the President of the Board of Trustees (the “President”) that an abuse situation has been reported and shall report it as required by law (see Appendix 1) and to the church’s insurer as the matter requires. Otherwise, the matter is to remain confidential. Release of information could interfere with successful prosecution of the offender, could result in unwarranted damage to the reputation of the accused, or may endanger the child.
- c. If the reported abuse involves an FUUCH worker, the DRE should immediately relieve that person of further duties involving the supervision, care or teaching of children until the matter is resolved.
- d. Should the media contact FUUCH about an alleged incident of abuse, the President shall represent the Church to the public. In general, while no identifying information should ever be disclosed, the President may disclose steps taken to prevent such incidents, investigate this incident, and to guard against abusive situations in the future.

5) IMPLEMENTATION AND SUPPORT OF THIS POLICY

- a. Procedures will be developed and training will be provided as necessary to support this policy.
- b. It will be the goal of FUUCH to teach the Our Whole Lives Curriculum to all age groups.

Section II: VULNERABLE ADULTS (those who are 18 years or older who are in need of community care services by reasons of mental health or other disability, illness, or are age 65 and older and are unable to take care of themselves, or unable to protect themselves against significant harm or exploitation.)

1) SCREENING AND SELECTION OF PEOPLE WHO WORK WITH VULNERABLE ADULTS

Those who provide direct care or supervision for vulnerable adults (“workers”) at First Unitarian Universalist Church of Houston (“FUUCH”) must meet the following criteria:

- a. Unpaid workers (“volunteers”) must be active participants at FUUCH as a church member or friend for at least six months.
- b. Those working with vulnerable adults must be at least 18 years of age. Workers below the age of 18 must be approved by the Safety Officer. The Safety Officer will be selected by the Senior Minister.
- c. All workers must consent to such reference and/or background checks as FUUCH, in its sole discretion, deems necessary and must agree to be bound by the Code of Ethics for People Working with Vulnerable Adults (see Appendix). The Safety Officer and Senior Minister will be responsible for determining disqualification based on background or reference checks. This information will be kept confidential.
- d. All workers must be trained as prescribed by the Safety Officer.

2) SUPERVISION GUIDELINES AND POLICIES

- a. Annually, leaders of groups working with vulnerable adults will contact the vulnerable adults to obtain feedback on the performance of the volunteer and effectiveness of the program.
- b. Groups working with vulnerable adults will have regular meetings to share ideas, conduct training, and conduct other group business. “Regular meeting” frequency will be determined by the group according to their needs but in any case, will not be less than one time per year.
- c. All drivers transporting vulnerable adults shall be a minimum age of 21. All drivers must have a current, valid driver’s license and proof of insurance before being assigned driving responsibilities. Drivers may be asked to provide proof of valid license and insurance, and such proof may be photocopied.
- d. Abuse will not be tolerated under any circumstance. This includes behavior that constitutes verbal, emotional or physical abuse, and behavior or language that is threatening or demeaning.
- e. Behavior must both be and appear to be above reproach.
- f. Workers must follow the processes and procedures provided by the group sponsoring their activities. Such processes and procedures will be shared with regular participants prior to their beginning their volunteer activities. It is understood that there may be urgent need for temporary or one-time volunteers. These

individuals may volunteer, but only on a very limited basis before receiving the appropriate guiding information.

- g. All workers must agree to participate in any required training provided for the group.

3) MAINTAINING HEALTHY BOUNDARIES

- a. All groups working with vulnerable adults must have processes and procedures that address the following areas in which healthy boundaries must be maintained. Each group will have a staff member assigned to oversee and confirm at least annually that such policies and processes are in place.

1. Physical
2. Gifts
3. Confidentiality and Secrets
4. Expectations
5. Psychological and Emotional
6. Legal
7. Financial

4) REPORTING AND RESPONSE PROCEDURES

- a. If any member of the congregation has reason to believe that abuse or neglect has occurred or is occurring, the individual must immediately consult with the Senior Minister or Safety Officer and report it to the appropriate authority as required by law.

(See Appendix B.)

- b. If anyone in the congregation receives a report that a worker has abused a care partner, the report must be relayed to the Senior Minister or Safety Officer immediately. The worker must be relieved of duty until an investigation can be completed and the issue resolved. All workers must agree to cooperate with and participate in any investigations.
- c. The Senior Minister or Safety Officer will alert the President of the Board of Trustees (the "President") that an abuse situation has been reported and shall report it as required by law and to the church's insurer as the matter requires. Otherwise, the matter is to remain confidential. Release of information could interfere with successful prosecution of the offender, could result in unwarranted damage to the reputation of the accused, or may endanger the vulnerable adult.
- d. Should the media contact FUUCH about an alleged incident of abuse, the Board President shall represent the Church to the public. In general, while no identifying information should ever be disclosed, the President may disclose steps taken to prevent such incidents, investigate this incident, and to guard against abusive situations in the future.

5) IMPLEMENTATION AND SUPPORT OF THIS POLICY

Procedures will be developed and training will be provided as necessary to support this policy. Group leaders will be responsible for conducting training and the Safety Officer will be available to provide guidance or assistance.<sup>[P]

SECTION III: Adults

1) POLICY REGARDING DISRUPTIVE BEHAVIOR

While openness to a wide variety of individuals is one of the prime values held by our congregation and expressed in our denomination's purposes and principles, we affirm that our congregation must maintain a safe and secure atmosphere where such openness can exist. When any person's physical and/or emotional well-being or freedom to safely express his or her beliefs or opinions is threatened, the source of this threat must be addressed firmly and promptly, even if this ultimately requires the expulsion of the offending person or persons. There may be times when the disruptive behavior of an individual within the church building leads members to voice a concern about one or more of the following:

- a. Perceived threats to the safety of any adult or child;
- b. The disruption of church activities;
- c. Diminishment of the appeal of the church to its potential and existing membership.
- d. Sexual harassment and/or creating an intimidating environment.

The following shall be the policy of The First Unitarian Universalist Church of Houston in dealing with these issues:

1. If an immediate response is required, this will be undertaken by the Minister(s), if available, and/or the leader of the group involved. This may include asking the offending person or persons to leave or suspending the meeting or activity until such a time as it can safely be resumed. If further assistance is required, the Police Department may be called. Anytime any of these actions are undertaken without the Minister(s) being present, the Minister(s) must be notified and he/she will inform the Healthy Communications Team. A follow-up letter detailing what steps must be taken before returning to the activities involved will be sent by the Minister(s) to the offending party or parties.
2. Situations not requiring immediate response will be referred to the Healthy Communications Team. The team will respond in terms of their own judgment observing the following:
 - a. The team will respond to problems as they arise. There will be no attempt to define "acceptable" behavior in advance.
 - b. Persons identified as disruptive will be dealt with as individuals; stereotypes will be avoided.

- c. The team will collect all necessary information.
- d. To aid in evaluating the problem, the following points will be considered:
 - DANGEROUSNESS - Is the individual the source of a threat or perceived threat to persons or property?

- DISRUPTIVENESS - How much interference with church functions is going on?
 - OFFENSIVENESS - How likely is it that prospective or existing members will be driven away?
- e. To determine the necessary response, the following points will be considered:
- HISTORY - What is the frequency and degree of disruption caused in the past?
 - CAUSES - Why is the disruption occurring? Is it a conflict between the individual and others in the church? Is it due to a professionally diagnosed condition of mental illness?
 - PROBABILITY OF CHANGE - How likely is it that the problem behavior will diminish in the future?
- f. The team will decide on the necessary response on a case by case basis. However, the following three levels of response are recommended:
- LEVEL ONE - The team shall inform the Minister(s) of the problem and either the Minister(s) and/or a member of the team shall meet with the offending individual to communicate the concern.
 - LEVEL TWO -The offending individual is excluded from the church and/or specific church activities for a limited period of time, with reasons and the conditions of return made clear. (Written notice is given to the individual from the minister, with a copy going into the Safe Congregation Team files.) g. Any action taken under item f. (above) may be appealed to the Board of Trustees
 - LEVEL THREE - The offending individual is permanently excluded from the church premises and all church activities by recommendation of the Healthy Communications Team to the Board of Trustees. If it is decided that expulsion will take place, a letter will be sent by the Minister(s) explaining the expulsion.

We strive to be an inclusive community, affirming our differences in beliefs, opinions and life experiences. However, concern for the safety and well-being of the congregation as a whole must be given priority over the privileges and inclusion of the individual. To the degree the disruptive behavior compromises the health of this congregation, our actions as people of faith must reflect this emphasis on security.

2) HARASSMENT

The Church is committed to providing an environment that is free from all forms of discrimination and conduct that can be considered harassing, coercive, or disruptive, including sexual harassment. Actions, words, jokes, or comments based on an individual's sex, race, color, national origin, age, religion, disability, sexual orientation, gender identity or expression, or any other legally protected characteristic will not be tolerated. Any employee, volunteer or member who feels that he/she has been a victim of harassment

should immediately report such incidents to his/her supervisor, the Executive Team, or the Board President. All allegations will be quickly, discreetly and thoroughly investigated. To the extent possible, all information including information from the alleged victim, any witnesses and the alleged harasser, will be kept confidential and protected against unnecessary disclosure. Reprisals against a victim of harassment are forbidden. When the investigation is completed, both the accuser and the alleged harasser will be informed of the outcome of the investigation.

Concerns about professional sexual misconduct by one of the ministers should be brought to the attention of the team, and the President of the Board of Trustees who will contact the appropriate denomination staff.

3) SAFETY WITH TECHNOLOGY - CYBERSTALKING

"**Cyberstalking** (*Wikipedia*) is the use of the Internet or other electronic means to stalk or harass an individual, group, or organization. It may include false accusations, defamation, slander and libel. It may also include monitoring, identity theft, threats, vandalism, solicitation for sex, or gathering information that may be used to threaten, embarrass or harass." Since harassment on these platforms has also become more common, no one should be pressured to give personal contact information or feel required to add people to social media. **Note our E-mail and Social Media Guidelines below.**

4) DEFINITION OF SEXUAL HARASSMENT

Sexual harassment refers to behavior of a sexual nature that is unwelcome, personally offensive, or interferes with the performance and/or effectiveness of the recipient. Sexual harassment is a form of misconduct that is demeaning to another person and undermines the integrity of the working relationship. Sexual harassment can be committed by, for example, a supervisor, coworker, volunteer or vendor. Unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature constitute sexual harassment when one or more of the following are true:

- a. Submission to such conduct is made explicitly or implicitly a term or condition of an individual's employment;
- b. Submission to or rejection of such conduct by an individual is used as a basis for an employment decision affecting such individual; or
- c. Such conduct has the purpose or effect of unreasonably interfering with the employee's work performance or creating an intimidating, hostile, or offensive working environment.

5) SEX OFFENDERS

- a. It is expected that members of the congregation, staff, renters or any other adults using the building or potential members/participants with a history or active accusation of sexual misconduct/abuse/sexual offense, will make that history or accusation known to one of the congregation ministers, who will follow the procedures below:

- b. No person who has been convicted of, or with an unresolved accusation of, any sexual misconduct can be permitted to be involved in any religious education or youth group activities.
- c. The core response of the congregation to a convicted or accused sex offender is a Limited Access Agreement.
- d. Any adult, adolescent or child **accused** of a sexual offense of any kind will be placed on a tailored Limited Access Agreement without prejudice. The Healthy Communications Team will be convened within 10 days of such a person being made known to the minister, the DRE, or any member of the Healthy Communications Team to develop the agreement (which may be subsequently revised upon more information). The limited access agreement will remain in effect until all charges are dropped or confirmed (in which case see below.) Persons will not continue to attend or participate in any programs or services of the congregation until a limited access agreement is drawn up. Adolescents or children who are known to have sexually abused or sexually assaulted another youth or child will only be allowed adult-supervised participation in future religious education or youth group activities. A therapist's evaluation can be considered by the committee before termination of the limited access agreement.
- e. Any person **convicted** of a sexual offense or with **a history of known sexual offenses** will be placed on a limited access agreement without prejudice. The Healthy Communications Team will be convened within 10 days of such a person being made known to the minister, the DRE, or any member of the Safe Congregations committee in order to develop the limited access agreement. This will be done upon consultation with the person's parole officer and/or treatment provider so it may be determined that they can safely participate in the adult life of the congregation.
- f. Any person accused, convicted, or with a history of known sex offenses who will not sign the limited access agreement will be denied access to any programs or services at the congregation. For further procedures on responding to a person accused, convicted, or with a history of known sex offenses, the congregation will follow the procedures outlined in Balancing Acts. <https://www.uua.org/safe/children>

6) VISITORS

Our congregation strives to be a safe and welcoming place to all. Visitors are less likely to know of the accepted norms of behavior at the church. Actions which are offensive or disruptive should be brought immediately to the individual's attention by a member of the church leadership in a non-threatening, polite manner, explaining what behavior is accepted. Failure or refusal to meet the change of behavior required will result in applying the guidelines listed in the **Policy Regarding Disruptive Behavior**.

7) INDIVIDUALS WHO ARE HOMELESS

During public events such as Sunday morning services, individuals who are homeless are welcomed into the regular activities of church, which include coffee hour, church service

and visiting, reasonable use of restroom, as well as adult groups. (See sections on Visitors and Disoriented for related information.)

Our policy is to not give money to individuals. If someone asks for money, say something like “Our church does not give money to individuals at events. You can make an appointment with one of our ministers OR go to one of the organizations we support that provides basic services.” Provide Community Resource handouts (see attached). Since the handing of a pamphlet, is a minimal amount of help to someone in need, offering use of the phone to make a local call for a few minutes, or help in pointing to an organization that will likely offer the support needed, is preferred if it can be offered at the time. Also dialing 211 is the United Way, which provides information to anyone in need of the available local services. Staff and volunteers will use their own judgement on what to offer based on various factors of safety and availability of potential support.

During non-public events such as closed adult groups during the week and religious education classes for children and youth on Sundays (these are not open to adults other than trained teachers and parents of those in the group), leaders are encouraged to provide the handouts of Community Resources and tell individuals that the church (or class) is not open to the public at this time.

8) DOMESTIC VIOLENCE SITUATIONS

If an individual requests assistance with a domestic violence situation, leadership staff in contact should show empathy, provide information on contacting the appropriate domestic violence phone number. If they indicate an immediate potential threat on church grounds, police should be contacted and the ministerial staff notified immediately.

National Domestic Violence Hotline: **1-800-799-SAFE (7233) or 1-800-787-3224 TTY**

Advocates who are deaf are available Monday to Friday, 9 a.m. to 5 p.m. (PST) by videophone (855-812-1001), instant messenger (Deaf Hotline) or email (deafhelp@thehotline.org).

Links to shelters and services by city in Texas can be found at <https://www.domesticshelters.org/tx/texas-domestic-violence-help-statistics>

9) INDIVIDUALS WHO APPEAR DISORIENTED

Individuals showing signs of disorientation or incapacity due either to drugs/alcohol or illness should be addressed by a member of the church leadership: ministers, Healthy Communications Team, Welcome Team, Care Team or the leader of the group the individual is in. If someone finds a disoriented person, the Ministerial staff should be notified as soon as possible.

Anytime an individual appears to be under the influence of drugs or alcohol care should be taken to insure their safety, especially in regards to transportation. If the individual's behavior is disruptive, their safety and the safety of other church members is the primary concern. Once this is established, a review by the Health Communications Team will be initiated.

Depending on the situation, if diminished capacity due to illness is suspected, a meeting with the individual's caretakers, minister(s) and the Healthy Communications Team/Care Team will be held in order to determine whether attendance at the church will require a caretaker to accompany the individual to activities to avoid disruptive behavior and stress on the individual.

10) INDIVIDUALS WHO THREATEN SUICIDE OR HARM TO OTHERS

If any member of the leadership receives information indicating an individual is contemplating suicide or harm to others, the Ministerial staff should be notified as soon as possible. All statements should be taken seriously.

11) PROHIBITIONS SPECIFIC TO HANDGUN LICENSE HOLDERS

Possession of firearms on church grounds is prohibited. Any individual entering church property in possession of a firearm should be notified of the church's policy by the member of the Ministry or other member of the church leadership and that:

Texas law specifically provides that a handgun license holder is prohibited from intentionally, knowingly, or recklessly carrying a handgun on or about his or her person, regardless of whether the handgun is concealed:

On the premises of a church, synagogue, or other established place of religious worship, provided effective notice was given

Effective "notice" is given if the owner of the property or someone with apparent authority to act for the owner provides notice by:

- Oral communication;
- A card or other document on which is written the following language: "Pursuant to Section 30.06, Penal Code (trespass by holder of license to carry a handgun), a person licensed under Subchapter H, Chapter 411, Government Code (handgun license law), may not enter this property with a handgun"; or
- A sign posted on the property that includes the above language in both English and Spanish, appearing in contrasting colors with block letters at least one inch in height; and displayed in a conspicuous manner clearly visible to the public.

12) BRINGING ANIMALS INTO CHURCH BUILDINGS

In the interests of safety and hygiene non-service animals are not allowed in church buildings. An exception to this rule can be made by the ministers for announced services such as the "blessing of the animals".

13) GUIDELINES FOR EMAIL AND SOCIAL MEDIA (e.g. Facebook, Twitter)

Be respectful and courteous!

Without the body language and facial expressions of face-to-face communication, electronic messages can be misinterpreted and can escalate a touchy situation into an argument very quickly.

Expectations:

1. Keep newcomers in mind when posting or sending messages.
2. Use email to send agendas, minutes, or supporting documents.
3. Communicate directly with the person or group involved; refrain from gossip or negativity about others.
4. Respect the diversity of values and viewpoints of others with appreciation and curiosity.

5. Respect privacy: do not post private conversations or personal information of others without their permission.
6. Adhere to any prior agreements you have with church members or staff.
7. Assume that others act with good intentions. Minor corrections or clarifying questions are acceptable.
8. Be kind when others make mistakes, but know we all have a stake in maintaining these guidelines.
9. Apologize when warranted and seek to make amends in person.
10. First UU Church staff will identify photos of staff and leaders unless we hear from them otherwise.
11. First UU Church staff has the right to delete any inappropriate content from social media pages.

Things to Avoid:

1. This is not a forum for airing grievances! To do that, go to the Healthy Communications Team.
2. Do not send mass emails when only a few people are likely to be interested.
3. Do not identify or “friend” minor children, without the explicit permission of their parents or guardians.
4. Avoid strings of email to schedule a meeting; use online scheduling such as Doodle or Meeting Wizard.
5. Avoid substantive discussions or decision-making with multiple people via email. Avoid emotionally loaded conversations on email or social media. Schedule a face-to-face meeting instead.
6. Electronic storage and transmission of member information is not permitted except by church staff.

Reporting Suspected Abuse or Neglect of a child, elderly or adults with disabilities

The Texas Department of Family and Protective Services (DFPS) has a central place to report:

- Child abuse and neglect.

- Abuse, neglect, self-neglect, and exploitation of the elderly or adults with disabilities living at home.
- Abuse of children in child-care facilities or treatment centers.
- Abuse of adults and children who live in state facilities or are being helped by programs for people with mental illness or intellectual disabilities. These are run by the Texas Department of State Health Services (DSHS) or Texas Department of Aging and Disability Services (DADS).

Texas law says anyone who thinks a child, or person 65 years or older, or an adult with disabilities is being abused, neglected, or exploited must report it to DFPS.

A person who reports abuse in good faith is immune from civil or criminal liability. DFPS keeps the name of the person making the report confidential. Anyone who does not report suspected abuse can be held liable for a misdemeanor or felony.

Time frames for investigating reports are based on the severity of the allegations. Reporting suspected abuse makes it possible for a family to get help.

Reporting Suspected Abuse or Neglect of a Child in

Texas: Reporting Basics

How does reporting abuse or neglect of children in Texas work? What do I need to do to make a report?

State law requires anyone who suspects child abuse or neglect to report those suspicions to the Texas Department of Family and Protective Services (DFPS) or to a local law enforcement agency.

Always call law enforcement first and the Texas Abuse Hotline second if you suspect that there is an immediate threat of harm or death to a child.

Any person making a report to DFPS is immune from civil or criminal liability as long as the report is made in good faith. The reporter's name is also confidential and will not be provided directly to the accused person by any DFPS employee. *There are circumstances under which DFPS is required to disclose a reporter's identity to law enforcement, a court of law, or another state agency. Please see the section below on Confidentiality for more information.*

A person who suspects child abuse or neglect, but fails to report it, can be charged with a misdemeanor or state jail felony. Remember, reporting suspected child abuse or neglect makes it possible for a child to get help.

The e-mail will also tell you whether or not your report further investigation. </p>

Please note that the Internet Reporting System is for **non-urgent situations**. Receipt of internet reports may be delayed during times of high call volume to the Texas Abuse Hotline. The Internet Reporting System should NOT be used in urgent or emergency situations, including but not limited to:

- Injuries to a child age 5 or under or serious injuries to any age child
- Immediate need for medical care (including a suicidal child)
- Sexual abuse where the perpetrator has access or will have access to the child in the near future
- A child age 5 or younger who is alone or is likely to be left alone in the next 24 hours
- Any other situation you feel requires a response within 24 hours

Call in reports about these (and similar situations) to the Texas Abuse Hotline at 1-800-252-5400.

Always call local law enforcement first if a child is in imminent danger.

!

What information do I need when I make a report? What will I be asked to provide?

Intake Specialists need specific information before they can forward a report of abuse or neglect to a local Child Protective Services (CPS) office for investigation. This information includes the alleged victim's address (or other information to help CPS contact the family) **and** an allegation that indicates abuse or neglect as defined by the Texas Family Code.

Not every allegation reported to DFPS will result in a CPS investigation. This is because not every situation involving concern for a child meets the legal definition for abuse or neglect under the Texas Family Code. It is crucial that you provide as many details as possible about the alleged abuse or neglect, as well as the family demographics, so that the Intake Specialist can make an accurate assessment of the situation.

Before making your report, please take a moment to gather any records or notes you have on the family so you have easy access to the necessary information. While you may not have all of the information noted below, providing as much of it as possible will allow DFPS to make the best decision about how to proceed.

Household Members

All known persons living in the child's home (adults and children)

Alleged Perpetrator(s)

The person or persons suspected of abusing or neglecting the child. They may or may not be household members

Collaterals

Any other people who may have information about the situation. This may include school employees, neighbors, other relatives, medical staff, etc.

INFORMATION REQUESTED FOR EACH PERSON

Identification

- Name,
- Date of birth (preferred) or age
- Social Security number,
- Race/ethnicity
- Marital status

Location

- Home address (including apartment name and number)
- Directions to the home
- Home phone number & cell phone number(s)

Special Needs

- Do the child, parents, siblings, or alleged perpetrator have any special needs?
- If so, how do those needs affect their normal

- Work functioning?
- School, or daycare name
- Address, phone number, hours in attendance, and grade level.

Note: *Multiple forms of locating information are important so we can find the family as quickly as possible. For example, having only a school address is challenging if we need to locate the family quickly on a Saturday morning.*

To send a report to CPS for investigation, an Intake Specialist also **must** have an allegation that meets the Texas Family Code definition of abuse or neglect. Giving as much detailed information as possible helps the Intake Specialist make as accurate an assessment as possible. *This is especially important with Internet reports because the Intake Specialist cannot ask follow-up questions.*

Learning to identify child abuse and neglect and deciding to make a report is very distressing for many people. However, DFPS can more accurately assess a situation if you frame your statements as objectively as possible. Clear and detailed information allows the Intake Specialist to make the most accurate assessment possible.

When you make your telephone or Internet report, you will be guided through a series of questions. The questions below are ones most commonly asked by our staff when assessing information.

Code of Ethics for Adults Working with Children

Agreement

Adults who are in leadership roles are in a position of stewardship and play a key role in fostering the spiritual development of both individuals and community. It is, therefore, especially important that those in leadership positions be well qualified to provide the special nurture, care and support that will enable children to develop a positive sense of self and a spirit of independence and responsibility. The relationship between young people and their leaders must be one of mutual respect if the positive potential of their relationship is to be realized.

There are no more important areas of growth than those of self-worth and the development of a healthy identity as a sexual being. Adults play a key role in assisting children in these areas of growth. Wisdom dictates that children and adults suffer damaging effects when leaders become sexually involved with young persons in their care. Leaders must be careful to protect the children they work with and to protect themselves and their church.

Therefore, we will refrain from engaging in sexual, seductive or erotic behavior with children. Neither shall we harass nor engage in behavior with children which constitutes verbal, emotional or physical abuse.

Leaders will refrain from being under the influence of illegal drugs, alcohol or any other drugs which would impair their judgment or ability to function effectively in a leadership role with children. Leaders will be informed of this Code of Ethics and agree to it before assuming their roles. In cases of any violation of this code, appropriate action will be taken.

I hereby agree to abide by this Code of Ethics.

Code of Ethics for Adults Working with Vulnerable Adults

Agreement

Individuals who are working with vulnerable adults need to be well qualified to provide special nurture, care and support. The relationship between these individuals and the vulnerable adult must be one of mutual respect. Workers must be careful to protect the vulnerable adults they work with and to protect themselves and their church.

Therefore, in working with vulnerable adults, I will not engage in verbal, emotional, sexual or physical abuse. I will refrain from being under the influence of illegal drugs, alcohol or any other drugs which would impair my judgment or ability to function effectively while working with vulnerable adults,

I agree that FUUCH may conduct a background and/or reference check on me and will provide the information necessary to accomplish this task.

I have read this Code of Ethics and agree to abide by it before assuming my role. I understand that in case of any violation of this code, appropriate action will be taken.

Access Agreement

The First Unitarian Universalist Church of Houston

This congregation, consistent with principles of the Unitarian Universalist Association, affirms the dignity and worth of all persons, and is committed to acting as a religious community open to those who are in need of worshipping and being among us, especially in times of serious personal troubles.

However, based on your background, there must be concerns about your contact with children and youth. This Limited Access Agreement, which will be revisited quarterly, sets forth behavioral guidelines which are designed to reduce the risk both to you and to them of an incident or accusation.

You are welcome among us, but in view of your history, your participation will be limited to ensure the safety of our children and youth, and to assure that you will not be subject to accusations.

Within these guidelines, the congregation welcomes your participation in adult worship services, coffee hour, committee meetings, adult education, all-adult social events, and supervised intergenerational events, only to the extent you agree to avoid all contact with children on church property or congregation-sponsored events. This general contact limitation includes the following specific items:

1. Please do not talk directly with children if you happen to be in their presence in public or private.
2. Please do not volunteer or agree to lead, chaperone or participate in events for children and youth including such things as religious education classes, stories or talks for worship, youth group events, activities during intergenerational events, driving or otherwise transporting children and/or youth.
3. Please remain in the presence of at least one church adult at all times when children are present.
4. If a child of the congregation approaches you, either in the church building or in a community place, please politely excuse yourself from their presence and the situation as quickly as possible.
5. Please avoid being in the church building without another church adult in your presence when activities involving children are in session, such as the weekday nursery school or a youth group.

I _____ **[Printed Name]** accept that the following staff and officers of the church know of my circumstances so that they

may monitor the situation and protect the children/young people for whom they care: I have reviewed this covenant and agree to abide by its provisions. I understand and agree that if I violate this agreement, I may be denied access to all congregational functions whether on the church property or elsewhere.
